Fuel to Go & Play™ Premiership

MATCH DAY PREVIEW

North Beach Sea Eagles vs Fremantle Roosters - The Sea Eagles are back in the winners box, while the Roosters lost a heartbreaker to the Sharks last week. So both teams will be up for this one. Last time it was a low scoring grinding affair, with the Sea Eagles taking the spoils, but both teams are slightly different here. For the Roosters, Edwards and Kemp are both out, which will put more on the shoulders of the Hignetts and young Rangihaeata, but they have been in sparkling form. Benji Keenan gets a shot at a back spot, with new Charlie Lumb into the starting side and the evergreen Godecke continues to shine.

Joondalup Giants vs Ellenbrook Rabbitohs - Just past the half way point, and the Rabbitohs are hanging in there. The Giants on the other hand have lost 3 on the trot and will be looking to play themselves into a bit of form. Sparrow moves into the centres to accommodate the returning Porter, and they welcome Tyran Davis back into the fold. The Rabbitohs rally behind inspirational Duportail, and watch the imposing James Ahmat. The big man from the Pilbara is a one man wrecking crew. The question is can the Giants use this game as a springboard way back into finals footy conversation.

Rockingham Sharks vs South Perth Lions - The Sharks are flying. Top of the table and able to win with style or win tough, the boys from the South are on a roll. But up steps the next challenger in the form of the rejuvenated Lions. Going 1 win and 4 losses in their opening games, they've reeled off a couple scalps and have their sights set on ruining the Sharks momentum. Billy Judge's form has been a vision, which has freed up Thomas to play in his natural centre spot. But its an imposing Sharks lineup. Mato is back, with Jeffrey off the bench, creating that devastating one-two punch which put the Giants away a few weeks ago. Another evergreen player shows up in the halves with Peter Worth in the 6.
