

GOOSE STEP GAME DAY

MATCH DAY PREVIEW - WOMEN IN LEAGUE ROUND

South Perth Lions vs Fremantle Roosters - Cannot stress how big a game this is. Firstly its Women In League Round. Secondly South Perth are holding their 75 year celebrations against the only other 75 year club still in our competition. And its Delane Edwards 200th first grade game. So there is a lot going on. Add to that a few simple equations. The Lions win, and they are playing finals football. The Roosters win, and they take the minor premiership and hosting the Major Semi Final next weekend. So there is a lot on the line in this one. The battle of the halfbacks in Proudler and Kerr will go a long way in this.

Rockingham Sharks vs Joondalup Giants - At 5:30pm kickoff, the situation will be much clearer for both teams. The Sharks will know if they can steal the minor premiership and the right to play at home if the Roosters lose. If the Lions lose, the Giants know they can sneak into 4th spot on the ladder with a win. There are other mathematical equations, but lets suggest the game will be close, much like their other games this season. For Sharks, the troops come back for this one. Hunt, Jeffrey, Murphy & Bolth are on deck, while Tuuta makes a tactical move to the edge with experienced Worth in the 13. The Giants get strike centre Ranger back and Sheehan starting again in the 9, which allows Sparrow to goto the back row.

Ellenbrook Rabbitohs vs North Beach Sea Eagles - Its been a long year for the Rabbitohs, but after a couple false starts they will be looking to see the year out against the Sea Eagles at home. I think everyone would like to congratulate what the Rabbitohs tried to do this year in growing the competition, and we see others step up to the mark soon. For the Sea Eagles, they will be looking to fine tune their game, and make sure they are ready and firing for their Elimination final next weekend.

WOMEN'S LEAGUE TAG

George Burnett Park, Karawara - Kick Off - 12:50pm

South Perth Lions vs Fremantle Roosters

With it being Women's In League round we are highlighting two women's games. And its crunch time for the Lions. They have a small chance of getting into the finals, but would need to get the win first and foremost against the most dominant team in the competition.

For South Perth, they will admit that haven't been the same side this year. But they are still an extremely honest side, who despite going down to Joondalup last week were in that game for a long time. A couple of flashes of brilliance left them in a real bind to make the finals this year, especially with the emergence of the Tigers from up North. It now is a matter of pride, where win lose or draw they make the Roosters earn it in this final round of the season.

The Roosters had an extra break last weekend, and will be looking at this game as a nice way to roll into the semi finals. They will need to make sure their timing is crisp and they've got their sets sorted out as they can't afford to blink in this years semi final series. One thing they will need to get right is their discipline. They live on the edge in terms of their line speed and marker play and will need to make sure that is on point.

Joondalup Giants vs Alkimos Tigers

A big clash of the two northern teams down south. Its been a bit of a big sister and little sister grudge with the Tigers still relatively new in this competition and with the Giants being one of the over arching dominant teams over the last decade.

The Giants got the job done last week and are looking very comfortable with their shape and harmony at the moment. A nice free flowing style, which can take advantage of a short side as well as attacking down the middle of the field. They can't go side to side as well as the Roosters or Beach with their ball players, but their devastating running game, along with the ability to really kick for territory makes them a hard side to deal with.

The Tigers are the scrappers in this competition. Their defensive ability has gone way up, and now with Stephens in the lineup, and some amazing ball runners in Lou Smith and Kennedy Solomon in their team, they can really hurt you on the offensive side of the ball. This is a good match for them to see where they are, as they look to head into a big game with the Sea Eagles next weekend.
