

GOOSE STEP GAME DAY

MATCH DAY REVIEW

North Beach vs South Perth Lions - And we open Blueforce park this year with a game of the old rivals. North Beach are coming off a loss to Fremantle, but they will take some heart from that one. They scored 24 points against the heavy favourites this year, and come in with an improved lineup. Trotter and Gillham come in, and although they lose Skinny Grey, the form of Kade McDonald in the opener was really promising along with fullback Bailey Millar who has grown again this year. South Perth had a tough first win against Rockingham, but come in with a different looking side. No Daniels, who was the hero last week, and Noble their enforcer is out, so others will need to step up in his place. Keep an eye on the bench as Daniel Green may come right into the starting team to help cover Nobles loss. Strap in for a big one at Blueforce.

Joondalup Giants v Fremantle Roosters - Up at Admiral Park, the Joondalup Giants had the bye in round 01 and are immediately put to the acid test by the defending premiers and this years heavy favourites in the Fremantle Roosters. For the Giants they will be looking for a strong performance to open their season, with Davey Martin and Luke Turner returning to the Gs after a year playing in the Val Murphy with Alkimos. They've brought some mates with them in Kahupukoro and McAllister who will be looking to test their wares in the Premiership grade. For the Roosters, they will be looking to continue to build on their win last week which was a bit unconvincing at times. It looked like they always had the game in hand but kept letting the Beach back in. This looks like it will be a cracker up at Heathridge.
