Fuel to Go & Play™ Premiership

MATCH DAY REVIEW

South Perth Lions vs Fremantle Roosters - South Perth get home and open their account against the Fremantle Roosters at George Burnett Park. They come off the bye, and will be looking for a marked improvement from last game where they dominated the game for 20 minutes against the Sea Eagles, and then feel asleep and got punished for it. And they get the Roosters, who are flying with 3 wins from 3 games, but they look a little undermanned this week, with injury and work commitments really pushing their numbers. It seems the time to play them, but it also means they will have their backs up knowing they have to get the job done undermanned. Watch the battle of the backrowers. Green, Halpin and Hocking up against Butler, Kerr and Taomia should be an explosive affair as the tyros try to get on top of one another.

Rockingham Sharks vs Joondalup Giants - We drive down the highway to Franklin Offshore Stadium, Lark Hill Sportsplex the home of the Rockingham Sharks. The Sharks were brave in a close defeat against the Roosters last week, and will take plenty of heart from their attitude in that loss. They lacked a little bit of class at the end to finish it off and have tinkered with their spine a little bit, with young Heremaia-Phillips back in the 7. But the big missing piece is obviously coach Tom Murphy is out for this contest. On the other hand the Giants will be hurting after they lost a game they had no right to lose. Up 14 points with not much time left, they didn't manage to ice the game and the opportunist Beach stole it at the death. But they get some troops back this week with Ranger, Houghton and Smith coming back into the fold in a big push, but the loss of Pomare is a telling one as he has been a man mountain for them.
