

GOOSE STEP GAME DAY

MATCH DAY REVIEW

South Perth Lions vs Joondalup Giants - Both sides got the job done last week, with the Lions the first side to beat the defending premiers in the Fremantle Roosters, While the Giants outlasted the Rockingham Sharks down in Port Kennedy. The Lions will be looking to build on that performance, but do so without Corban Daniels and Tyson Lewis, but they do welcome back the damaging Tyler Thomas back into the fold. The Giants will want to continue their destructive ways, but will be missing trusty half Gus Marshall. This sees Taurean shift to 6, where he will face Caleb Norton, who is also a hooker playing out a bit wider. Watch for gun centre Joseph Ranger. He put on a clinic last weekend and will be looking for plenty of work. All eyes will be on Harry Debique as he brings up 150 Premiership games for the Lions in a great show of loyalty to the club.

North Beach Sea Eagles vs Rockingham Sharks - Up at Blueforce Park, it is a game of reckoning for the Rockingham Sharks. They are winless, and languishing at the bottom of the table, but they could almost be undefeated if a few things had gone their way in their fixtures so far. They are still without backrower and coach Murphy to injury and go into this contest without Coleman and Peter Worth. But they welcome Gilchrist back, with new man Reuben Baillie in the centres with gun outside back Daniel Goodwin back. For the Sea Eagles, they come off the bye with some real big ins. Jeremy Wallace is back, along with Trent Trotter, to make a devastating spine with Millar and McDonald. James Green also returns to stiffen them up in the middle of the field, with Shane Gillham also missing from the rosters.
