

GOOSE STEP GAME DAY

MATCH DAY REVIEW

North Beach Sea Eagles vs Fremantle Roosters - Well it's a big weekend up at North Beach, with the Roosters coming up to visit the Sea Eagles for the Noel Williams Cup. A great servant to both clubs, it's a big day for the premiership teams in particular. The North Beach side are coming off a massive attacking display, where they put on 50 points, but they let in 30 in lacklustre effort on the defensive side that they want to fix up. Young half Kade McDonald has spiders on him and was breaking tackles for fun. Fremantle had the week off, but are still a bit devastated by injury and availability at the moment. Tricky veteran Deba Cook comes into the side in the place of Robert Kerr, while Lewis Samuel provides spine backup on the bench. Can the classy Kemp and Edwards get the Roosters home? Or will the Sea Eagles continue their high scoring ways?

Rockingham Sharks vs South Perth Lions - Well both of these teams let in 50 points last weekend, so this week would have been all about defence defence defence. We know they can both score points, but limiting the other sides opportunities is going to be key, along with a high completion rate. The Sharks look very different, with Baille out, and White-Berryman moving to the bench. But the Sharks welcome back Worth and Thomas Murphy in a big way to shore up their defensive stocks. For the Lions they move Debique into the halves, and Thomas goes to fullback in a big spine shake up. Caleb Norton starts which pushes Keating to the bench, as the Lions look at more fluency in their spine this week, while Brandon Timlin gets his start in the backrow with the old war horse Daniel Green staying on his edge. They key in this one might be the impact both teams get from their bench players. What a game!
