

GOOSE STEP GAME DAY

MATCH DAY PREVIEW

Rockingham Sharks vs Joondalup Giants - This is it for the Sharks. They must win or they will be bundled out of the competition with a week left. But the Giants need a win to guarantee their spot, as its their behinds on the line if the Sharks get it right. This week won't solve the puzzle, but it will make it more interesting. For the Sharks, they get gun centre Ballie back, Hudson goes back to fullback and they welcome the gutsy Horrobin into the lineup. Young Chizuni also makes his debut in what will be a big occasion on the Saturday night. For the Giants, the big name on the list is the imposing Payden Porter. A monster of a forward, he adds super size and power in a side that already lists Houghton and Pomare. But can Joondalup balance their forward firepower with a big defensive performance? Time will tell.

South Perth Lions vs Fremantle Roosters - Its an interesting game for both clubs. South Perth will be hoping to push the Sea Eagles for a chance at 2nd place and two cracks at the Grand Final, while Fremantle will be hoping they don't have any complacency after they wrapped up the minor premiership a few weeks back. For the Lions, Proudler jumps into the starting lineup with young gun Wells-Talamavaio in a dangerous halves combination, as they welcome back their first choice back row of Hocking, Gourgard and Smith. For the Roosters, the versatile Edwards goes to centre, with Sonny Kerr making his return with the flashy and impressive Jaydon Solomon. And Jesse Day is back from his adventures and jumps into the centres for the Roosters as well. A big contest, it will probably come down to who can get the most out of their bench players, with both sides fielding dangerous and strong starting line ups.
