

GOOSE STEP GAME DAY

MATCH DAY PREVIEW

North Beach Sea Eagles vs Joondalup Giants - What a way to finish the regular season. The battle of the north, the old rivals go head to head. North Beach only need to not lose by 70, and they will lock up second place and two cracks at the grand final. But for the Giants, they need a win to solidify their spot on their own terms. Lose and they will need the result of the other game to go their way. It's a big one. For the Giants, they will rue a lost opportunity last weekend and will look for their old heads in Marshall, Martin and Irvine to get them through this one. For Beach, they game isn't as desperate but they will need to get their rotations, sets and combinations right for next weeks big game. Look for Millar and Grey to get themselves heavily involved to fine tune for the finals series.

Fremantle Roosters vs Rockingham Sharks - Well the Rockingham Sharks need a win to make the finals. And even that may not be enough. And they have to win against the heavy season favourites, the Fremantle Roosters. To be honest, the Sharks haven't matched up terribly with the high flying Roosters this season, especially going down in a thriller on the WA Magic Round. But the Roosters have been in fine touch since then, with Sonny Kerr enjoying a good return last week, while the Harrison's continue to show their worth in the top grade. For the Sharks, they lose the unstoppable Ballie for this one, but will look for their damaging trio of Worth, Tuuta-Edwards and Murphy to keep the Roosters honest on both sides of the ball. But they will need more creativity from Heremaia-Phillips and Coleman here today as they will not be able to just hold out the Roosters for 80 mins in this one. With Kemp and Butler in devastating form, the Roosters will want to make a statement on the eve of the finals.
