GOOSE STEP GAME DAY

Fuel to Go & Play™ Premiership

Match Day Preview

Joondalup Giants vs Fremantle Roosters - Well neither team has a win in 2024 yet, but both will fancy their chances in this one. The Giants will be without player of the game River Colman for this one, but get a massive inclusion with Payden Porter in the line up. Codee Pomare comes in at lock for the missing Wananga Kingi, with Biddle, Lawrence and Pai all new faces on the bench. Rangihaeata takes his place at the back for the Roosters, after recovering from a head knock 2 weeks ago, and Riggs, Graham and Paki all in for their first games of the season for the Roosters. Young gun Gwiazdzinski is the ultra new face on the wing, with the normal middle forward showing his versatility. But it's the bench that shows a big come back, with Bjorn Crotty a welcome inclusion in their forward pack.

South Perth Lions vs Rockingham Sharks - It is injuries galore in this fixture, as both teams make a raft of changes. The Lions welcome Wiringi onto the wing, while McDermott goes on the other wing with young Hohepa taking his place in the centres. Blair Young and Tere Cameron-Ramea go out of the pack to be replaced by the experience Daniel Green and young gun Julius Anderson-Hiroti, and Pettit is given the keys to this red Porsche as the starting hooker. The Sharks also change both wingers, with Awhitu-Kerei and Kyle James jumping on the wings, while Gasu makes his start at centre for the injured Blackburn. Damien Worth starts up front for Bolth, while Brodie Gilchrist joins the bench in a dependable move for coach Murphy. Both sides will be looking to control the ball, with lots of errors from both sides last week. Desire and belief will be a big part of who wins this contest this week.
