Match Day Preview

Joondalup Giants vs North Beach Sea Eagles - Well it's the battle of the north to kick off the Saturday, and the Giants are under a little bit of pressure. In all 3 games to date they have been right in the contest, with a draw, a 2 point loss and a couple of late scores stopping them from potentially being 3 and 0. Instead they come in winless, but welcome back Porter, Colman and Kingi for this important matchup. And with Haney in tremendous form off the back of a player of the match showing in the ANZAC game, they will be ready. For the Sea Eagles, its changes galore. Millar and Craig switch back between fullback and five-eight, with Shand coming in to replace Rogers (CAS Duties). Byron and Ahuriri are the new men on the wings and look keen to make a mark, while the back row of Martin, Moeau and Lloyd looks super dangerous.

Rockingham Sharks vs Fremantle Roosters - In our key game of the weekend, we go all the way down south, where the red hot Rockingham Sharks are taking on the might of the Fremantle Roosters. The Sharks, after their big win against the Sea Eagles last weekend, come into this game with some big outs. John McLaughlin is missing, along with talisman Andrew Jeffery, while big man Kelepi Lui who was in great form is also out of the lineup. But they welcome back some big troops in the form of Benjamin Bolth and Fortes Williams. Peter Worth on the bench gives them great flexibility as well. He has been playing in the forwards, but can do a job basically anywhere on the park. For the Roosters they are still figuring out their best squad. They lose centres Ben WT and Pouhila, but Graham and Day are handy replacements. But the big change sees Rangihaeata goto 9 in what looks to be a masterstroke, and Edwards jumps on the pine after having a break last weekend. This should be a ripper.
