GOOSE STEP GAME DAY

Fuel to Go & Play™ Premiership

Match Day Preview

South Perth Lions vs Fremantle Roosters - Its Ladies Day as well as the 10 year reunion for the 2014 Premiership winning Lions, and they will hope it marks a big showing from the red and white's. A young squad with plenty of potential, they have been close but no cigar this year in a number of games, and it doesn't get any easier with the Fremantle Roosters visiting. The Roosters come off a draw against the Giants, where they will be looking to fix a number of concerning issues. For the Lions, it's a coupe of big ins. Daniels is back and goes to the centres, with young gun Jayden Evans taking his place in the halves. Debique goes to his natural position at fullback, but its Samisoni Langi debuting for the Lions, which could give them a big injection moving forward. For the Roosters, Po'uhila is back in the centres, with Kemp going back to fullback and Edwards back in the halves, after Butler takes his position at lock after a layoff. What an exciting game this one is going to be.

Rockingham Sharks vs North Beach Sea Eagles - In our key game of the weekend, the Rockingham Sharks are taking on the speed of the North Beach Sea Eagles. The Sharks, after their big win last weekend against the young Lions will be looking to consolidate their position after a weird month for the club. Chizuni lines up at hooker for the Premiership side, also with White returning after a suspension layoff. But it's the form of Smith who has people talking, with the playmaker impressing while they are missing McLaughlin. With Murphy still out, they will be big on holding out the Sea Eagles points machine. For the maroon and white, Moeau takes the vacant spot left by Woolley, while another new guy, Everett, keeps his spot with Rogers missing due to suspension. But North Beach are keen with Stein, Gillham and Adams all here, and Martin and Whitehead in prime form.

Fuel To Go & Play Premiership Teams
