GOOSE STEP GAME DAY

Fuel to Go & Play™ Premiership

Match Day Preview

Joondalup Giants vs South Perth Lions - It's the battle for 4th place, and while the other game this weekend will be a battle to take the minor premiership. This one shapes as an interesting and crucial one for both sides. If the Giants win, they put another all important win between them and the Lions. Lose, and they put the Lions right back in the game. The Giants this week have a lot of players back on deck, and it is a super imposing forward pack. Size and speed, with state reps Porter and Fidow-Kele in the lineup, it has been the great form of Raea which is making plenty of people take notice. For the Lions, Langi suits up for his second game of the year, after an encouraging debut next to the enigmatic Evans, which would be one of the first times the Lions have fielded the same halves pairing all year. Watch for the match up of Kingi and Kanawale, with both players fielding plenty of speed and size to go with their footwork.

North Beach Sea Eagles vs Fremantle Roosters - In our key game of the weekend, the top of the table clash between the North Beach Sea Eagles and the Fremantle Roosters should be an absolute cracker. With the Sharks on a bye and watching with interest, both teams will be looking to get their ducks in a row for the last 7 rounds of the competition, with some notable outs on both sides. Dependable Buckley comes onto the wing for the Sea Eagles, with Rafferty and MacDonald both moving in the centres, and Pomare on the other flank, which frees up Gillett to move to the back row. For the Roosters, Po'uhila, Manu and Graham are all unavailable in the centres, but the form of Heremaia-Phillips on the flank is sensational. The Wells-Talamaivao brothers provide flexibility, while Edwards can play almost anywhere, in what should be a ripper of a match.
