MATCH PREVIEW

Game one to kick us off here for Round 02, and the teams couldn't be coming off more different starts. The Rabbitohs were dominant in a rematch of last years grand final, with Frieda and Sera Ah-Sam really aiming up in the middle of the field. While the Bulldogs were put to the test by a fast Bears outfit. But the Bulldogs will be looking to improve every single week, with a brand new side and we love that that are in.

MATCH PREVIEW

The Giants will be looking for an improved performance this week, after being shutout against a red-hot Rabbitohs side. They still have some pedigree about them, and welcome Taurima into the side. On the other side, we get first look at the Roosters, and they will really fancy their chances this year, with strength all over the park. Deep in the halves and at hooker, they will be keen to show their worth this year.
