MATCH PREVIEW

In Round 08, the Kalamunda Bulldogs go from strength to strength. To think this is a club that was borderline thinking of not having a womens, to making up numbers, and now they literally have 20 players! What a culture and great work from the blue and white. The Roosters know they have a job to do and will need to show up now. MJ, Marshall and Horner make a lethal backrow combo, with Podmore in at 9.

MATCH PREVIEW

For our key game of the round, its the battle of the heavy weights, with the Rabbitohs getting a chance to take on the Bears at their home ground this time. And they are looking strong. Missing Treherne, Toby and Lowndes come back in, in a star studded backline. For the Bears, Young takes her place at centre, with Gillards impressive form putting her at the back. Although they are missing gun Amataiti in the back row.
