MATCH PREVIEW

Over at Treeby, we have quite an different matchup than we though. Both teams look nothing like they did as little as a week ago, and its a stark change. But both sides are leaving no excuses. For the Roosters, Rangihaeata returned with a spring in his step last week, and Riggs returns to the side. Its a Hignett triple, with Blake, Kerrod and new man Darius all in the line up. With Gibson and Seniloli adding size off the bench they will be confident. The Lions are a very different looking team. Wirringi, Oi and Perring make up a new back 3, while Keating goes to 9, and Gwiazdzinski starts in the back row. With Gerbasch and Hulena off the bench, time will tell for the Lions.

MATCH PREVIEW

Up at Admiral Park in Heathridge, the Giants have one last chance to try and stay with the top 4, when they take on the Willagee Bears. For the Giants the kids are providing plenty of energy, with the Williams brothers and White doing plenty of damage. They get Ranger, Colman and Lawrence all back, with Porter to debut. For the Bears, they are a big side, with Maliko, Fotu, Hansen and Vi providing a very intimidating forward park, with Leota out to the centres. Kelly to fullback allows Gudgeon to be more involved at 6, and Wadwell starts at lock, with Thompson and now Mills on the injury list. This game will prove an interesting watch.

MATCH PREVIEW

Our NRL Pathways Key game for the weekend, sees the Rockingham Sharks defending their home turf against the North Beach Sea Eagles, and defend is the key word. The Sharks have not struggled to score points in the last few weeks, finding some great attacking spark, coinciding with Quinlan hitting a purple patch of form. But they have been unable to stop the other teams. Whitty comes back in to the 9 spot with Te Rauna starting at 13. For the Sea Eagles, they paid the Bears back last week, and get a few troops back for this one, with Buckley straight into the 9, and Gulliver Brown in the back row to allow Gillham to start at lock.
