MATCH PREVIEW

Its NAIDOC round and the NRL Pathways Key game is a stunner. Fremantle Roosters off the back of a big win against the Bears last round, take on the Joondalup Giants, who will be looking to knock off a team above them to get some confidence as we head towards the finals. For Roosters there is no Norton or Foster, but Rutene and Peters come straight in while the dangerous Taurima lines up for the Giants.

MATCH PREVIEW

In the final game of our NAIDOC round, the Bulldogs take on the front running Ellenbrook Rabbitohs, who are looking like the favourites as we run into the finals. For the Bulldogs, the season has been a success no matter how you look at it, with Women's league growing in popularity despite the scores, while the Rabbitohs will be looking to get their shape and sets right against a tricky and big side.
