MATCH PREVIEW

Its an interesting one for the Bulldogs, with their club massively on the rise, and their numbers continuing to climb. But can they push a side this year, and they get another chance at a strong Roosters team. For the Roosters, they will be looking to get through their sets and put this game to bed without any injuries or much fuss, but the Bulldogs remain a dangerous and powerful side.

MATCH PREVIEW

In our NRL Pathways Key game, the Willagee Bears will look to get back on track with a massive contest against the Ellenbrook Rabbitohs. The Bears lost two on the bounce to rivals Ellenbrook and Fremantle, and will be looking to rectify that, starting with their trademark gritty defence, while trying to counter what is obvious attacking power that the Ellenbrook Rabbitohs have shown recently. This game should be great!
